

CURRICULUM VITAE

Irene Debra Feurer, Ph.D.

Updated: August 11, 2011

Office Address Vanderbilt University Medical Center
801 Oxford House
1313 21st Avenue South
Nashville, Tennessee 37232-4753
615.322.8989 (voice)
615.936.0435 (fax)
irene.feurer@vanderbilt.edu

Place of Birth Philadelphia, Pennsylvania

Personal Married, Steven G. Meranze, M.D.

Education

1976 B.S. Ursinus College
Collegeville, Pennsylvania
Biological Sciences

1983 M.S.Ed. University of Pennsylvania
Philadelphia, Pennsylvania
Graduate School of Education
Concentration, Health Professions Education

1997 Ph.D. Program in Measurement, Evaluation, and Techniques of Experimental Research/
Policy Research, Evaluation, and Measurement

Faculty Appointments

1997 - 1998 Peabody College, Vanderbilt University, Nashville, Tennessee
John F. Kennedy Center for Research on Human Development
Research Associate

1997 - 2000 School of Medicine, Vanderbilt University, Nashville, Tennessee
Research Assistant Professor of Psychiatry

2000 - 2003 Research Associate Professor of Surgery

2001 - 2003 Research Associate Professor of Preventive Medicine, Division of Biostatistics
(secondary appointment)

2003 - present Research Professor of Surgery

2003 - 2006 Research Professor of Preventive Medicine (secondary appointment)

2004 - present Research Professor of Biostatistics (secondary appointment)

2008 - present School of Nursing, Vanderbilt University, Nashville, Tennessee
Adjunct Professor of Nursing (Research)

Professional Experience

- 1976 - 1979 The Stevens School, Philadelphia, Pennsylvania
Upper school classroom instructor in mathematics and science
- 1979 - 1982 Hospital of the University of Pennsylvania, Philadelphia, Pennsylvania
Clinical Nutrition Center, Nutrition Support Service
Metabolic Assessment Technician
- 1983 - 1988 Coordinator, Metabolic Testing Services
- 1985 - 1988 Education Specialist
- 1987 - 1989 University of Pennsylvania Graduate School of Education, Philadelphia, Pennsylvania
Teaching Assistant in Correlation and Regression Methods
- 1988 - 1990 University of Pennsylvania, Department of Surgery, Philadelphia, Pennsylvania
Associate Director, Graduate Medical Education Division
- 1990 - 1992 American Psychiatric Association, Washington, District of Columbia
Research Coordinator for Practice Guidelines
- 1995 - 1996 John F. Kennedy Center for Research on Human Development
Peabody College, Vanderbilt University, Nashville, Tennessee
Statistician
- 1996 - 2000 Member, Quantitative and Observational Methodology Core,
National Institutes of Health-funded Mental Retardation Research Center (NICHD)
- 1996 - 2000 Director, Quantitative Methods Core, National Institutes of Health-funded program
project (NICHD), "Prader-Willi Syndrome: Genetics and Behavior"
- 2000 - present Vanderbilt Transplant Center, Nashville, Tennessee
Director of Quantitative Services and Outcomes Research
- 2004 - 2011 Faculty Biostatistician, Vanderbilt-Ingram Cancer Center, Biostatistics Shared Resource
(integrated into the Center for Quantitative Sciences, July, 2011), Vanderbilt University
Medical Center, Nashville, Tennessee
- 2009 - present Member, Center for Surgical Quality and Outcomes Research, Vanderbilt University
Medical Center, Nashville, Tennessee
- 2011 - present Member, Center for Quantitative Sciences, Vanderbilt University Medical Center

Professional Activities

Membership in Profession Organizations

- American Society for Parenteral and Enteral Nutrition
- American Psychological Association
- American Statistical Association (Secretary, 2002 and President, 2003, Middle Tennessee Chapter)
- Americas Hepato-Pancreato-Biliary Association
- International Hepato-Pancreato-Biliary Association

Participation on National Committees and Invited Panels

(2005) Member, *ad hoc* expert panel on quality of life measurement
Division of Diabetes, Endocrinology and Metabolic Diseases, National Institute of Diabetes and Digestive and Kidney Diseases

(2005 – present) Member, clinical study planning and advisory committee, “Islet Transplantation in Type 1 Diabetic Kidney Allograft Recipients: Efficacy of Islet after Kidney Transplantation”.
Clinical Islet Transplantation Consortium. National Institute of Diabetes and Digestive and Kidney Diseases, National Institute of Allergy and Infectious Diseases, and Juvenile Diabetes Research Foundation.

Peer-review Activities

Invited manuscript reviewer for

Psychological Methods
Nutrition
Journal of Vascular and Interventional Radiology
Liver Transplantation
The American Journal of Clinical Nutrition
Transplantation
Liver International
The American Journal of Transplantation
Medical Care

Intramural Committees

Member, 2008 - present
Cancer Biostatistics Workshop planning committee, Vanderbilt-Ingram Cancer Center

Member, 2010 - present
Promotions Committee, Master of Public Health Program, Vanderbilt School of Medicine

Teaching Activities

John F. Kennedy Center for Research on Human Development Annual workshops in applied quantitative methods

July, 1998 Hierarchical Linear Modeling
July, 1999 Structural Equation Modeling
May, 2000 Permutation Tests and Bootstrapping

Member, Doctoral Dissertation Committee, Peabody College, Vanderbilt University

2000 - 2002 Anastasia Dimitropoulos, Ph.D., Assistant Professor of Psychology, Case Western Reserve University, Cleveland, OH.
2001 - 2003 Jennifer Hurley, Ph.D., Assistant Professor of Education, University of Vermont, Burlington, VT.

Postdoctoral Trainees, Vanderbilt Transplant Center

1997 - 1998	Sunil Geevarghese, M.D., M.S.C.I., Assistant Professor of Surgery, Vanderbilt University School of Medicine
1999 - 2002	Paul E. Wise, M.D., Assistant Professor of Surgery, Vanderbilt University School of Medicine
2000 - 2001	Rumeyza Kazancioglu, M.D., Faculty of Medicine, Istanbul University, Istanbul, Turkey
2001 - 2002	Venkat Ramanathan, M.D., Division of Nephrology, Baylor College of Medicine
2002 - 2004	Derek E. Moore, M.D., M.P.H., Assistant Professor of Surgery, Vanderbilt University School of Medicine. [MPH thesis: The impact of donor, technical and recipient risk factors on survival after liver transplantation]
2003 - 2004	Kenneth T. Thomas, M.D., Attending physician, Department of Surgery, Saint Thomas Hospital, Nashville, TN
2003 - 2005	Mary T. Austin, M.D., M.P.H., Assistant Professor, Department of Pediatric Surgery, University of Texas Medical School at Houston. [MPH thesis: Model for end-stage liver disease: did the new liver allocation policy impact waitlist mortality?]
2005 - 2007	Eric T. Castaldo, M.D., M.P.H., Attending physician, Surgical Group of Gainesville, Gainesville, FL. [MPH thesis: Does health-related quality of life after liver transplantation correlate with the model for end-stage liver disease score?]
2006 - 2008	Robert T. Russell, M.D., M.P.H., Fellow in Pediatric Surgery, University of Indiana, Indianapolis, IN. [MPH thesis: The validity of EQ-5D US preference weights in liver transplant candidates and recipients]
2007 - 2009	Victor Zaydfudim, M.D., M.P.H., Fellow in Hepatobiliary Surgery, Mayo Clinic, Rochester, MN. [MPH thesis: Implementation of a real-time compliance dashboard is a critical component to reducing SICU ventilator associated pneumonia with the ventilator bundle]
2009 - present	Matthew P. Landman, M.D., M.P.H., Resident in Surgery, Vanderbilt University School of Medicine, Medicine. [MPH thesis: Predicting graft survival after liver transplantation in a national cohort – examining the effects on survival of recipient, donor, and technical covariates]
2010 - 2011	Lance S. Lindberg, Pharm.D., Post-doctoral fellow in transplantation pharmacy
2011 - present	Leigh Anne Redhage, M.D., Resident in Surgery, Vanderbilt University School of Medicine

Pre- and post-doctoral trainees, Vanderbilt University Schools of Medicine and Nursing, and the Owen Graduate School of Management

2000 - 2001	Nicole S. McCoin (Streiff), M.D. Assistant Professor of Emergency Medicine, Vanderbilt University Medical Center
2000 - 2003	Clayton Knox, M.D., M.B.A. Candidate, Wharton School of Business, University of Pennsylvania, Philadelphia, PA
2002 – 2008	Haley Hoy, M.S.N., Ph.D. Assistant Professor of Nursing, University of Alabama, Birmingham [Dissertation: The effects of pre-transplant co-morbidities on physical health-related quality of life after lung transplantation]
2002 - 2006	Hongxia Liu, R.N., Ph.D., Assistant Professor of Nursing, University of Cincinnati, Cincinnati, OH. [Dissertation: Coping and health-related quality of life in renal transplant patients]
2003	Matthew Corriere, M.D.

2004 - 2005	Benjamin Smallheer, M.S.N.
2004 - 2006	Nathan Hoot, M.D., Ph.D., Resident in Emergency Medicine, Vanderbilt University Medical Center. [Master of Bioinformatics thesis: Models to predict survival after liver transplantation]
2005 - 2006	Joseph M. Gentile, M.D.
2005 - 2009	Panarut Wisawatapnimit, M.S.N., Ph.D. Instructor in Nursing, Boromarajonani College of Nursing, Bangkok, Thailand [Dissertation: Assessment of family quality of life among families with a member who has cancer]
2008 - 2010	Oscar Guillamondegui, M.D., M.P.H., Assistant Professor of Surgery, Vanderbilt University Medical Center [MPH thesis: Long-term outcomes in the mild and moderate traumatic brain injury patient population: a telephone survey]
2010 - 2011	Asad Hameed, B.A., M.B.A., Owen Graduate School of Management
2010 - present	Deonna R. Moore, M.S.N., Vanderbilt University School of Nursing Centennial Ph.D. Fellow, Kidney Transplant Nurse Coordinator, Vanderbilt Transplant Center
2011 - present	Chunfeng (Jacky) Shao, M.S., M.B.A. candidate (2012), Owen Graduate School of Management

Extramural Funding

Current Research Support

Department of Veterans Affairs, Health Services Research and Development (Weinger) 01/2008-09/2011
IAF-06-085 "Operating Room Workload and Quality of Care"

The study evaluates multi-discipline clinician perceptions of workload in the operating room and models relationships among perceived workload and intraoperative quality of care.

Role: Co-Investigator

National Institute of Nursing Research (Fowke) 07/01/2009 – 04/30/2014
1R01 NR011477-01 "A New Instrument to Comprehensively Assess Sedentary Behaviors"

The major goal of this project is to develop a questionnaire of manageable length that comprehensively assesses major sedentary behaviors in the population.

Role: Co-Investigator

National Cancer Institute (Pietenpol) 09/10/10 – 08/31/15
2P30 CA068485-14 "Cancer Center Support Grant"

The major goal of this project is to coordinate cancer-related activities of Vanderbilt University

Role: Co-Investigator

Completed Research Support

National Institute of Diabetes, Digestive and Kidney Diseases (Abumrad) 04/01/05 – 03/31/11
1-R01 DK70860-01 "Role of the Omentum in the Treatment of Morbid Obesity"

This grant supported a clinical study assessing the impact of omentectomy during bariatric surgery on metabolic and molecular markers of inflammation in morbid obesity.

Role: Co-Investigator

Novartis Pharmaceuticals, Inc. (Pinson) 10/2005 – 12/2006
"An Empirical Evaluation of Clinical Correlates of and Constructs Represented by a Health-related Quality of Life Instrument Battery"

The goal was to determine, in organ transplant candidates and recipients, the longitudinal and organ-specific nature of constructs measured by a battery of self-report instruments.

Role: Co-Investigator

- Agency for Healthcare Research and Quality (Feurer) 09/2002 – 08/2004
1-R03 HS13036 "Measuring Quality of Life in Organ Transplant Patients"
The goal was to evaluate the reliability, validity, and responsiveness of measures of patient satisfaction and health-related quality of life in organ transplant candidates and recipients.
Role: Principal Investigator
- Roche Laboratories, Inc. (Pinson) 01/2000 – 12/2003
"Transplant Outcomes Research Group"
The goal was to provide infrastructure support for an interdisciplinary effort to evaluate clinical, quality of life, and health care economic outcomes following organ transplantation.
Role: Co-investigator
- National Institute for Child Health and Human Development (Thompson) 02/1995 – 11/2000
P01 HD30329-01 "Prader-Willi Syndrome: Genetics and Behavior"
The goal was to evaluate the relationships among genotype (and subtype) and phenotypic expression of biological and behavioral characteristics in persons with Prader-Willi Syndrome.
Role: Statistician (1995-1996); Director, Quantitative Methods Core (1996-2000)

Research Training Sponsor

- National Institute of Diabetes, Digestive and Kidney Diseases (Russell) 09/15/06 – 06/08
1-F32-DK077482-02 "Evaluating Cognitive Function, Cost Utility, and Outcomes after Liver Transplantation"
This individual fellowship award supported the stipend and MPH program tuition costs of Dr. Russell's two-year postdoctoral outcomes research training program.
Role: Faculty Sponsor

Poster presented at the Annual Transplant Management Forum of the United Network for Organ Sharing, 2007 April 23-25, Washington, DC.
 43. Russell RT, **Feurer ID**, Wisawatapnimit P, Pinson CW. Symptomatic polycystic liver disease: surgical management and long-term quality of life outcomes. Presented at the 8th World Congress of the International Hepato Pancreato Biliary Association, February 27-March 2, 2008. Mumbai, India
 44. Dykes J, **Feurer ID**, Ball J, Wisawatapnimit P, Pinson CW, Gorden DL. Post-transplant employment is not influenced by the MELD system of liver allocation. Presented as a poster at the 2008 meeting of the American Transplantation Congress, May, 2008, Toronto, Canada. *American Journal of Transplantation* 2008;8(Suppl. 2):393.
 45. Hoy HM, **Feurer I**, Loyd J, Milstone A, Lambright E, Pinson CW. Comorbidities and health-related quality of life after lung transplantation. Presented at the 8th International Congress on Lung Transplantation, September 11-12, 2008, Paris, France.

46. Dunn JP, Hossain HA, Tamboli R, Isbell JM, Marks P, **Feurer I**, Abumrad N. Mathematical modeling of insulin clearance: Lessons from bariatric surgery. *Diabetes* 2008;57(Suppl. 1):A370-A371.
47. Tseng C, Truscott CB, Zavala E, **Feurer ID**, Shaffer D. A pharmacoeconomic analysis of alemtuzumab versus thymoglobulin induction in renal transplant recipients. Presented at the 2009 American Transplant Congress, Boston, Massachusetts, May 30 -June 3, 2009.
48. Landman MP, **Feurer ID**, Pinson CW. Prior Epstein-Barr virus infection has a negative effect on quality of life in liver transplant candidates and recipients. Presented as a poster at the 81st Annual Meeting of the Pacific Coast Surgical Association, Maui, Hawaii, February 13-16, 2010.
49. Zaydfudim V, Landman M, **Feurer I**, Moore D, Wright JK, Pinson CW. Reduction in corticosteroid use and dosing in liver transplant recipients is associated with better physical and mental health-related quality of life. Presented as a poster at the 9th World Congress of the International Hepato-Pancreato-Biliary Association, Buenos Aires, Argentina, April 18-22, 2010. *HPB* 2010;12(Suppl 1):301.
50. Zaydfudim V, Ball J, **Feurer I**, Landman M, Pinson CW. Pre-transplant employment and better pre-transplant physical quality of life are associated with employment after liver transplantation. Presented as a poster at the 9th World Congress of the International Hepato-Pancreato-Biliary Association, Buenos Aires, Argentina, April 18-22, 2010. *HPB* 2010;12(Suppl. 1):365.
51. Forbes R, **Feurer I**, Shaffer D, Schaefer HM. Steroid withdrawal protocol effects over 3 years in a cohort of African American patients undergoing kidney transplantation. Presented as a poster at the 2010 American Transplant Congress, San Diego, California, May 1-5, 2010.
52. Landman MP, **Feurer ID**, Pinson CW, Moore DE. Which is more cost-effective under the MELD system-Liver transplantation or primary liver resection and salvage transplantation for HCC within Milan criteria? Presented as a poster at the 2010 American Transplant Congress, San Diego, California, May 1-5, 2010.
53. Landman MP, **Feurer ID**, Moore DE, Pinson CW. The Long-term effect of bile duct injuries on physical and mental health-related quality of life: a meta-analysis. Presented at the 2010 NIH NRSA Trainee Research Conference, June 26, 2010, Boston, MA.
54. Hameed A, Zavala EY, Pinson CW, **Feurer ID**. Evaluating the statistical responsiveness of EQ-5D health status and utility scores in solid organ transplant patients. Presented as a poster at the 2011 UNOS Transplant Management Forum. Denver CO, April 18-20, 2011.
55. Lindberg LS, **Feurer ID**, Wright JK, Pinson CW, Zavala EY, Truscott CB. Renal function and diabetes are associated with longitudinal health-related quality of life in liver transplant recipients. Presented Accepted for presentation as a poster at the 2011 American Transplant Congress. Philadelphia, PA, April 30-May 4, 2011.
56. Wu X, Landman M, **Feurer ID**, Moore DR, Zavala EY, Shaffer, D. Predictors of time to kidney transplantation at a specific center in kidney transplant candidates who multiple list. Presented as a poster at the 2010 American Transplant Congress, Philadelphia, PA, April 30-May 4, 2011.
57. Martin CA, Unni P, Landman MP, **Feurer ID**, McMaster A, Dabrowiak M, Morrow SE, Lovvorn HN. Race disparities in firearm injuries among Tennessee children. Accepted for oral presentation at the 2011 American Academy of Pediatrics National Conference, October 2011.
58. Landman MP, **Feurer ID**, Arbogast P, Moore DE, Pinson CW. Predicting graft survival after liver transplantation in a national cohort - examining the effects on survival models of recipient, donor and technical covariates. Accepted for oral presentation at the Third Biennial Asian-Pacific Hepato-Pancreato-Biliary Association Congress 2011. September, 2011, Melbourne Australia.

Manuscripts Submitted, under Revision, or in Preparation

1. Landman MP, **Feurer ID**, Moore DE, Pinson CW. The effects of pre-transplant viral serology profiles on health-related quality of life after liver transplantation. (submitted, in review)
2. Hoy HM, Alexander S, Roberts LJ, Wells N, Pinson CW, **Feurer ID**. The effects of pre-transplant co-morbidities on physical health-related quality of life after lung transplantation. (submitted, in review)
3. Moore DR, **Feurer ID**, Zaydfudim V, Zavala EY, Shaffer D, Schaefer H, Langone A, Penson DF, Pinson CW, Moore DE. Living kidney donor evaluation: a characterization of reasons for and demographic variables relating to non-donation. (submitted, in review)
4. Landman MP, **Feurer ID**, Moore DE, Zaydfudim V, Pinson CW. The long-term effect of bile duct injuries on physical and mental health-related quality of life: a meta-analysis. (submitted, in review)
5. Dunn JP, Abumrad NN, Breitman I, Marks-Shulman PA, Flynn CR, Jabbour K, **Feurer ID**, Tamboli RA. Hepatic and peripheral insulin sensitivity at 1 month after Roux-en-Y gastric bypass surgery. (submitted, in review)
6. Dunn JP, Kessler RM, **Feurer ID**, Volkow ND, Patterson BW, Ansari MS, Rui Li, Marks-Shulman PA, Abumrad NN. Relationship of dopamine type 2 receptor binding potential with fasting neuroendocrine hormones and insulin sensitivity in human obesity. (submitted, in review)
7. Schaefer HM, **Feurer ID**, Shah N, Forbes R, Helderman JH, Shaffer D. Early steroid withdrawal in white and African-American renal transplant recipients: the effects of race and donor type on patient, graft and steroid-free graft survival. (submitted, in review)
8. Zaydfudim V, Landman M, **Feurer I**, Moore D, Wright JK, Pinson CW. Reduction in corticosteroid use and dosing in liver transplant recipients is associated with better physical and mental health-related quality of life. (submitted, in review)
9. Landman MP, **Feurer ID**, Poulouse B, Penson DF, Pinson CW, Moore DE. A cost-effectiveness analysis of early versus late reconstruction of iatrogenic bile duct injuries. (in preparation)
10. Landman MP, **Feurer ID**, Arbogast P, Moore DE, Pinson CW. Predicting graft survival after liver transplantation in a national cohort – examining the effects on survival of recipient, donor, and technical covariates. (MPH thesis, manuscript in preparation)
11. Redhage LAD, Ball J, Landman MP, Zaydfudim V, Pinson CW, **Feurer ID**. Pre-transplant employment and better pre-transplant physical quality of life are associated with employment after liver transplantation. (in preparation)
12. Howell WH, Stroster J, Reid P, Grande B, **Feurer ID**. Dietary, biological and demographic predictors of lipid and lipoprotein responses to dietary change: a meta-analysis. (under revision)
13. Wu X, Landman M, **Feurer ID**, Moore DR, Zavala EY, Shaffer, D. Predictors of time to kidney transplantation at a specific center in kidney transplant candidates who multiple list. (in preparation)
14. Martin CA, Purnima U, Landman MP, **Feurer ID**, Mc Master A, Dabrowiak, Morrow SE, Lovvorn HN, III. Race disparities in firearm injuries among Tennessee children. (in preparation)
15. Lindberg LS, **Feurer ID**, Wright JK, Pinson CW, Zavala EY, Truscott CB. Renal function and diabetes are associated with longitudinal health-related quality of life in liver transplant recipients. (in preparation)
16. Anderson CB, **Feurer ID**, Large MC, Steinberg GD, Barocas DA, Coookson MS, Penson DF. The psychometric characteristics of a condition-specific health-related quality of life survey: the FACT – Vanderbilt Cystectomy Index. (in preparation)

Invited Presentations (extramural)

- October, 1982 Southeast Metabolic Measurement Cart Users' Workshop, Baptist Medical Center, Birmingham, AL, "Nutrition Assessment"
- March, 1983 American Lung Association of Pennsylvania, Postgraduate Course: Comprehensive Care of the Critically Ill, "Calculating Nutritional Needs"
- October, 1983 Metabolic Measurement Cart Users' Workshop, New Orleans, LA and Atlanta, GA "Energy Expenditure in the Ambulatory Patient"
- March, 1984 Western Metabolic Measurement Cart Users' Workshop, St. Joseph Medical Center, Burbank, CA, "Indirect Calorimetry and the Ambulatory Patient"
- May, 1984 Memorial Medical Center, Savannah, GA, Medical-Surgical Grand Rounds, "REE: Interpretation of Physiologic Measurements"
- November, 1984 Walter Reed Army Medical Center, Bethesda, MD, Surgical Intensive Care Unit Rounds, "Indirect Calorimetric Measurement of Resting Energy Expenditure"
- January, 1985 American Society for Parenteral and Enteral Nutrition, Ninth Clinical Congress, Miami Beach, FL, "Nutritional Support in Obesity"
- April, 1985 Oklahoma Dietetics Association, Annual Meeting, Oklahoma City, OK, "Energy Expenditure in Obesity"
- June, 1985 Baptist Medical Center, Little Rock, AK, Regional Practitioners' Meeting, "Clinical Use of Indirect Calorimeters"
- October, 1985 Pennsylvania State University, State College, PA, Intercollege Nutrition Colloquium, "Energy Expenditure in Obesity and Anorexia Nervosa"
- November, 1985 American Association of Respiratory Therapists, Annual Meeting, Atlanta, GA, "Interpretation of Indirect Calorimetric Data"
- February, 1986 American Society for Parenteral and Enteral Nutrition, Tenth Clinical Congress, Dallas, TX, Nursing Skills Laboratory: "Indirect Calorimetry"
- May, 1986 Walter Reed Army Medical Center, Bethesda, MD, Medical and Surgical Intensive Care Unit Rounds, "Clinical Calorimetry"
- November, 1986 Annual Meeting of the Philadelphia Dietetics Association, "Clinical Applications of Indirect Calorimetry", and "Indirect Calorimetry Techniques and Protocols"
- February, 1987 American Society for Parenteral and Enteral Nutrition, Eleventh Clinical Congress, New Orleans, LA, Postgraduate Course in Energy Metabolism: "Practical Aspects of Indirect Calorimetry", and Dietitians' Skills Lab: "Indirect Calorimetry"
- April, 1987 Pennsylvania Society for Respiratory Care, Annual Course, Downingtown, PA, "Indirect Calorimetry in the Critically Ill Patient"
- May, 1987 Southwest Region Texas Society for Respiratory Therapy, Sixteenth Annual Conference, El Paso, TX, "Clinical Applications of Indirect Calorimetry"
- May, 1987 Memphis Society for Parenteral and Enteral Nutrition, "Indirect Calorimetry in Clinical Nutrition", "Energy Metabolism during Nutritional Support"
- June, 1987 Florida Dietetics Association, Annual Meeting, Fort Lauderdale, FL, "Clinical Applications of Indirect Calorimetry"
- January, 1988 American Society for Parenteral and Enteral Nutrition, Twelfth Clinical Congress, Las Vegas, NV, "Function, Composition and Selection of Metabolic Carts"

June, 1988	American Society for Parenteral and Enteral Nutrition, Perspectives in Nutrition Support, Baltimore, MD, Skills Lab: "Indirect Calorimetry"
March, 1989	University of Minnesota, Minneapolis, MN, Nutrition Support Service Rounds, "Interpretation of Indirect Calorimetric Data"
April, 1989	Dietitians in Nutrition Support, Advances in Parenteral Nutrition, Philadelphia, PA, "Indirect Calorimetry"
March, 1990	The Cleveland Clinic Foundation, Cleveland, OH, Meeting Caloric Needs in Nutritional Support, "Practical Aspects of Indirect Calorimetry"
April, 1992	University of Louisville, Louisville, KY, Current Topics in Nutrition Support, "Principles of Clinical Indirect Calorimetry"
March, 2000	33 rd Annual Gatlinburg Conference on Research and Theory in Mental Retardation, San Diego, CA, Pre-conference Workshop on Stereotypic Behavior in Developmental Disabilities, "Toward an empirically-based typology of compulsive behavior in people with Prader-Willi Syndrome"
February, 2005	NIDDK/NIAID Workshop on the Clinical Investigation of Islet Renal Transplantation, Washington, DC, "Quality of Life Evaluation in Transplant Recipients"
February, 2005	Coordinating Center for the Collaborative Islet Transplant Registry, Subcommittee for the Identification of Quality of Life Assessment Tools, Chicago, IL, "Quality of Life Evaluation in Transplant Recipients"
May, 2005	Annual Patient Analysis and Tracking System (PATS) User Group Meeting, Portland OR, "Measuring and Modeling Quality of Life and Patient Satisfaction in Organ Transplant Candidates and Recipients"
September, 2005	Conference on Policy and Regulatory Issues in Solid Organ Transplantation, CBI Research Inc., Scottsdale, AZ, "Health-Related Quality of Life in Solid Organ Transplant Patients"
April, 2006	2006 Transplant Management Forum, United Network for Organ Sharing, San Francisco, CA, "Measuring Health-Related Quality of Life and Patient Satisfaction in the Organ Transplant Setting: Selecting Surveys and Monitoring Schedules, and Evaluating Outcomes"
November, 2008	Transplant Managed Care Insurance Group, Nashville, TN, "Quality of Life after Transplantation"
April, 2009	Division of Preventive and Occupational Medicine Grand Rounds, Meharry Medical Center, Nashville, TN "Measuring Quality of Life before and after Organ Transplantation"

Invited Presentations (intramural)

September, 1980	Hospital of the University of Pennsylvania, Surgical Grand Rounds, "Indirect Calorimetry"
March, 1981	University of Pennsylvania School of Medicine and the Philadelphia Veterans Administration Medical Center, Fifth Annual Clinical Nutrition Symposium, "Energy Expenditure in the Clinical Setting"
November, 1982	University of Pennsylvania Schools of Medicine and Nursing, Nursing and Nutrition in the Eighties, "Energy Expenditure Concepts and Clinical Applications"

January, 1983	University of Pennsylvania School of Medicine, Interdisciplinary 216: Nutritional and Metabolic Care of the Hospitalized Patient, "Measures of Energy Expenditure"
April, 1983	University of Pennsylvania School of Medicine and the Philadelphia Veterans Administration Medical Center, Seventh Annual Clinical Nutrition Symposium, "Energy Expenditure in Obesity"
January, 1984	University of Pennsylvania School of Medicine, Surgery 352: Metabolic Care of the Surgical Patient, "Indirect Calorimetry and Energy Metabolism"
January, 1984	University of Pennsylvania School of Medicine, Interdisciplinary 216: Nutritional and Metabolic Care of the Hospitalized Patient, "Determination of Resting Energy Expenditure"
April, 1984	University of Pennsylvania School of Medicine and the Philadelphia Veterans Administration Medical Center, Eighth Annual Clinical Nutrition Symposium, "Determination of Caloric Requirements"
November, 1984	University of Pennsylvania School of Nursing, Nursing and Nutrition in the Eighties, Workshop, "Determination of Energy Requirements"
November, 1985	University of Pennsylvania School of Nursing, Nursing and Nutrition in the Eighties, "Understanding Energy Expenditure"
March, 1997	John F. Kennedy Center for Research on Human Development, 2nd Annual Retreat, Prader-Willi Syndrome: Genetics and Behavior, "Sample Characteristics"
July, 1997	John F. Kennedy Center for Research on Human Development, Sequential Analysis of Behavior: A Workshop in Applied Quantitative Methods, "Measures of Association"
March, 1998	John F. Kennedy Center for Research on Human Development, 3rd Annual Retreat, Prader-Willi Syndrome: Genetics and Behavior, "Sample Characteristics and Selected Findings"
July, 1999	John F. Kennedy Center for Research on Human Development, Structural Equation Modeling: A Workshop in Applied Quantitative Methods, "Path Analysis"
December, 1999	Autism Research Group, Vanderbilt Child Development Center, "Factor Analysis"
May, 2000	Autism Research Group, Vanderbilt Child Development Center, "Path Analysis and Structural Equation Systems"
April, 2002	Vanderbilt School of Nursing Course in Multivariate Methods, "Latent Variable Modeling with AMOS"
October, 2002	Middle Tennessee Chapter of The American Statistical Association, "Measuring and Modeling Quality of Life Outcomes in Organ Transplant Patients"
April, 2003	Vanderbilt University Medical Center, General Clinical Research Center Research Skills Workshop, "Applications of Factor Analysis Methods"
June, 2003	Vanderbilt University Master of Public Health Program Course in Behavioral Methods, "Applications of Factor Analysis Methods in Scale Development and Instrument Validation"
September, 2003	Vanderbilt University Master of Science in Clinical Investigation, Biostatistics I, "Factor Analysis"
December, 2003	Vanderbilt University Medical Center, General Clinical Research Center Research Skills Workshop, "Survival Analysis Methods"
February, 2004	Vanderbilt Master of Science in Clinical Investigation Course, Biostatistics II, "Survival Analysis and Cox Proportional Hazards Regression Models"

June, 2004	Vanderbilt University Master of Public Health Program Course in Behavioral Methods, "Applications of Factor Analysis Methods in Scale Development and Instrument Validation: A Centenary Perspective"
September, 2004	Vanderbilt University Master of Science in Clinical Investigation, Biostatistics I, "Factor Analysis: A Centenary Perspective"
January, 2005	Vanderbilt University Master of Public Health Program Course in Behavioral Methods, "Applications of Factor Analysis Methods in Scale Development, Instrument Validation, and Data Reduction: A Centenary Perspective"
February, 2005	Vanderbilt Master of Science in Clinical Investigation Course, Biostatistics II, "Survival Analysis and Cox Proportional Hazards Regression Models"
February, 2005	Vanderbilt Master of Science in Clinical Investigation Course, Biostatistics II, "An Introduction to Structural Equation Modeling"
October, 2005	Vanderbilt Department of Biostatistics Seminar "Applications of Latent Variable Modeling in Instrument Scoring and Interpretation"
January, 2006, 2007, 2008, 2009, 2010	Vanderbilt University Master of Public Health Program Course in Behavioral Methods, "Applications of Latent Variable Modeling in Scale Development, Instrument Validation, and Data Reduction: An Introduction"
October, 2008	Cancer Biostatistics Workshop, Vanderbilt-Ingram Cancer Center, Biostatistics Shared Resource, "An Introduction to Principal Component Analysis and Data Reduction"
November, 2008	Vanderbilt Department of Biostatistics Seminar "Applications of Latent Variable Methods in Item Analysis and Survey Scaling"
June, 2009	Vanderbilt Department of Biostatistics Seminar "Survey Research: an Overview of Statistical and Psychometric Methods"
June, 2009	Cancer Biostatistics Workshop, Vanderbilt-Ingram Cancer Center, Biostatistics Shared Resource, "Survey Research: An Overview of Statistical and Psychometric Methods"
September, 2010	Cancer Biostatistics Workshop, Vanderbilt-Ingram Cancer Center, Biostatistics Shared Resource, "Fundamental of Latent Variable/Factor Analysis: Applications in Survey Research and Data Reduction"
(October, 2011)	Vanderbilt Center for Quantitative Sciences Workshop, Vanderbilt-Ingram Cancer Center, "Health-related Quality of Life Outcome Metrics"
(November, 2011)	Epidemiology Quantitative Methods Seminar, Vanderbilt Doctoral Program in Epidemiology, "Latent Variable Methods in Survey Development and Validation"
